Re: Verification of the Nevaeh Saga Manuscript by Marcel Ray Duriez

I, Michael Williams, being of sound mind and body, do hereby attest to the following regarding the creation of the Nevaeh Saga manuscript by Marcel Ray Duriez:

I have personally witnessed Marcel Ray Duriez working on the Nevaeh Saga manuscript on multiple occasions between [Start Date] and [End Date]. These observations took place at [Location of Observations - e.g., Mr. Duriez's residence, a public venue, etc.].

During these observations, I witnessed Mr. Duriez handwriting the text of the Nevaeh Saga using [Specify writing instrument - e.g., a fine-point Bic pen]. I observed him writing on [Specify paper details - e.g., 8x12 inch acid-free paper].

I have reviewed samples of the handwriting in the completed Nevaeh Saga manuscript and can confirm that it matches the handwriting I observed Mr. Duriez using during the creation process.

I am familiar with the demands of large-scale creative projects, having worked as a Story Editor, Chief Editor, and Creative Director. Based on my experience, I can attest to the immense scale and dedication required to complete a handwritten manuscript of this size.

I believe the Nevaeh Saga manuscript is a genuine and authentic work, created by Marcel Ray Duriez.

I was present during the official measurement of the completed Nevaeh Saga manuscript on [Date of Measurement] at [Location of Measurement]. I observed [Name of Surveyor] conduct the measurements using [Specify tools used]. I confirm that the measurements were conducted professionally and accurately.

I have no personal or professional relationship with Marcel Ray Duriez that would compromise my impartiality as a witness.

I make this statement truthfully and to the best of my knowledge.
